|---|--|---|--|--|--|-------------------------------------|--|
| A. TEST DRIVE MACHINE | | 02 FUEL SYSTEM | | 13 GAUGES - LIGHTS - INDICATORS | | 29 HYDRAULIC SYSTEM | |
| a. Drive Train Noise | | a. Clean Filler Cap | | a. Hour Meter Operation | | a. Check for Leakage | |
| b. Steering Operation | | b. Check Accelerator & Return Spring | | b. Gauges - All Operate | | b. Fluid Level - Condition | |
| c. Service Brake Operation | | c. Choke Operation | | c. Lights - All Operate | | c. Clean / Replace Breather | |
| d. Inching Operation | | d. Fuel Leakage | | d. Wiring Condition | | *d. Replace Filter Element | |
| e. Transmission Operation | | e. Inspect Tank Fittings (LPG) | | e. Horn | | e. Linkage Adjustment | |
| f. Clutch Operation | | f. Solenoid Valve Operation (LPG) | | 20 DRIVE AXLE | | f. Hose Condition | |
| g. Hydraulic System Operation | | g. Clean & Replace Filter | | *a. Differential Level | | g. Lift Speed (In./Sec) | |
| h. Engine Performance | | 02 AIR INTAKE & EXHAUST | | b. Clean Air Vent | | No Load | |
| i. Parking Brake Operation | | a. Clean & Replace Air Filter | | c. Security of Mounting | | Full Load | |
| j. Pedal Pads & Linkage | | b. Hoses & Clamps | | d. Check Wheel Bearings | | h. Drift Teas (In./Min) | |
| k. Return to Neutral | | c. Muffler & Exhaust Pipes | | 23 Wheels & Tires | | Lift Cylinder | |
| k. Pedestrian Warning Devices (if equipped) | | | | a. Tighten Mountin Bolts | | Tilt Cylinder | |
| 00 ENGINE | | 04 CLUTCH | | b. Tire Condition | | 32 TILT CYLINDERS | |
| a. Mounting | | a. Lubricate Throw Out Bearings & Linkage | | LF RF | | a. Check for Leakage | |
| *b. Tighten Head Bolts | | b. Pedal Adjustment | | LR RR | | b. Cylinder Rod Condition | |
| c. RPM - Idle | | c. Fluid Level | | c. Check Air Pressure | | c. Mounting Security / Torque | |
| Gov. No Load | | 06 & 08 TRANSMISSION | | 23 BRAKE SYSTEM | | d. Tilt Cylinder Adjustment (Rackin | |
| Tilt By-Pass | | a. Fluid Level | | a. Check for Leakage | | 34 UPRIGHT - CARRIAGE | |
| d. Vacuum - Idle | | *b. Condition of Fluid | | b. Brake Reservoir Fluid Level | | a. Security of Mounting | |
| Gov. No Load | | c. Clean Air Vent | | c. Clean Vent Cap | | b. Roller Condition / Clearance | |
| Tilt By-Pass | | *d. Replace Filter | | d. Pedal Free Travel | | c. Chain & Anchor Condition | |
| e. Stall RPM | | e. Fluid Leakage | | e. Pedal Drift | | d. Chain Adjustment | |
| FWD REV | | a. Inspect Control Linkage | | f. Master Cylinder Mounting | | e. Latch and Stop Condition | |
| Hi Low | | 11 IGNITION & CRANKING SYSTEM | | *g. Check Service / Park Brake | | f. Cylinder Condition | |
| e. Inspect Exhaust for Smoke | | a. Check Neutral Start | | h. Hoses & Fittings - Condition | | g. Forks, Locks, Stops | |
| 01 CLEANING & LUBRICATION | | b. Check Anti-Restart | | i. Brake Linkage Check & Lubricate | | h. Rail Condition | |
| a. Air Clean Truck | | c. Distributor Condition | | 26 Steer Axle | | i. Trunion Ring Condition | |
| d. Lubricate Truck | | *d. Point Condition / Dwell | | a. Security of Mounting | | j. Check Free Lift Guide | |
| 01 ENGINE OILING | | e. Timing Setting | | b. Axle Stop Adjustment | | 34 LOAD BACK REST | |
| a. Check for Leakage | | f. Lube Distributor | | c. Drag Link Adjustment | | a. Condition | |
| b. Check Oil Level | | *g. Wiring Condition | | d. Articulation Stops | | b. Security of Mounting | |
| c. Drain & Replace Oil | | 12 BATTERY AND CABLES | | e. Check Wheel Bearings | | 38 SHEET METAL & CTW | |
| *d. Replace Oil Filter | | a. Clean & Check Terminals | | 26 STEERING SYSTEM | | a. Decals - Missing / Condition | |
| e. Filler Cap Condition | | b. Electrolyte Level | | a. Check for Leakage | | b. Data Plate Condition | |
| f. Clean Crankcase Breather | | c. Cranking Voltage | | b. Oil Level - Condition | | c. Seat Mounting & Operation | |
| *g. Check / Replace PCV | | 12 CHARGING SYSTEM | | c. Security of Mounting | | d. Seat Belts Condition | |
| 01 Cooling System | | a. Alternator Mounting | | d. Tilt Column Operation | | e. Door & Deck Latches | |
| a. Coolant Level / Condition | | b. Inspect & Adjust Belts | | 29 OVERHEAD GUARD | | f. CTW Mounting Bolts | |
| b. Degree Protection | | c. Regulator Output Volts | | a. Condition | | h. Slip Resistance Surfaces | |
| c. Inspect Fan & Control | | 12 CHARGING SYSTEM | | b. Security of Mounting | | 39 OVERHEAD GUARD | |
| *d. Inspect & Adjust Belts | | a. Alternator Mounting | | c. Security of Mounting | | a. Condition | |
| *e. Drain & Flush Radiator | | b. Inspect & Adjust Belts | | d. Tilt Column Operation | | b. Security of Mounting | |
| f. Coolant Leakage | | 12 CHARGING SYSTEM | | 53 ATTACHMENTS | | a. Mounting Bolts | |
| g. Inspect Water Pump | | a. Alternator Mounting | | a. Mounting Bolts | | b. Leakage | |
| | | b. Inspect & Adjust Belts | | b. Leakage | | c. Operation | |
| | | c. Regulator Output Volts | | c. Operation | | | |
